

# Institutions of Higher Education(IHEs) offering MAT, MED, MTLL Programs

The non-traditional MAT, MED, MTLL route to educator licensure is administered through those Arkansas colleges/universities that have been approved by the Department of Education to offer a variety of programs.

Depending on how the programs have been approved, participants may be employed as a classroom educator at the same time they are completing the requirements for their master's degree and full educator licensure.

For further information on this route to licensure, please contact the [MAT, MED, MTLL program coordinator](#) in the Education Department of the college/university you choose to work with, or you may contact the [Licensure Officer](#).
